

EXAMPLE PACKAGING

Customization Options Sheet

Printing, Finishes, Tooling & Branding

A concise reference of every customisation your project can include, from decoration techniques to structural tooling.

Metal & glass packaging manufacturer and exporter — aluminum tins, metal closures, glass jars and matching components. Custom printing and bulk supply.

Decoration

Technique	Description	Best for
Offset print	Up to 8 colours, CMYK/Pantone	High-detail artwork
Embossing	Raised 3D logo or pattern	Premium branding
Debossing	Recessed logo or pattern	Subtle tactile effect
Spot UV	Gloss varnish over matte base	Contrast highlights
Foil stamping	Metallic gold/silver/copper	Luxury accents
Inside print	Colour on interior surface	Opening experience

Structure

Window lids, hinged lids, dividers, inserts, magnetic closures and multi-tier nesting are available for custom-shaped packaging.

Materials

Choose from aluminum, tinplate, glass and complementary eco board. Recycled content is available on request.

Artwork Requirements

Provide vector files (PDF / AI / EPS), fonts outlined, and a dieline matched to the selected model. Our prepress team returns a proof for approval before production.

Custom tooling lead time: 10-15 working days for tooling, then standard production.
