

EXAMPLE PACKAGING

FAQ & Lead Time Guide

Ordering, Sampling & Delivery

Answers to the questions buyers ask most, plus realistic lead-time guidance for sampling, tooling and production.

Metal & glass packaging manufacturer and exporter — aluminum tins, metal closures, glass jars and matching components. Custom printing and bulk supply.

Minimum Order Quantity

Stock sizes start at 5,000 units per size. Custom tooling projects start at 10,000 units. Sample orders are available for qualification.

Sampling

Stock samples ship within 5-7 working days. Printed or custom samples take 10-15 working days and may incur a sampling fee, credited against bulk orders.

Lead Times

Stage	Typical lead time
Stock samples	5-7 working days
Custom printed samples	10-15 working days
Tooling	10-15 working days
Production (stock)	15-20 working days
Production (printed/custom)	25-35 working days
Sea freight (typical)	18-35 days by port

Quality & Certifications

Food-contact materials are FDA / EU compliant. Certificates of analysis and material declarations are provided on request.

Payment & Terms

Standard terms are 30% deposit and balance against shipping documents. Other terms can be discussed for established accounts.
